

Perkins Promising Practices

CCCAOE Fall 2024 Pre-Conference
Wednesday, October 23, 2024

Who We Are

Tara Sanders, Program Manager, Workforce and Econ Dev., Contra Costa CCD
Bill Bankhead, Program Manager, Workforce and Econ Dev., Los Medanos College
Amertah Perman, Dean, Career Education and Workforce, San Diego CCD
Qingai “Sunny” Xu, CTE Research Expert, San Diego CCD

Norming

We're all here to share and learn from each other in two hours and we will be cognizant of time.

The goals are intentional goals for today, a positive approach is one of them.

YOU have expertise, please share what you know.

Who's in the Room?

Agenda

Perkins Promising Practices

1. **NOVA Updates** - a brief overview of NOVA enhancements for Perkins
2. **Survey Administration** - a promising practice for supporting data collection to inform Perkins Funding
3. **Perkins Core Indicators Dashboard Demo** - a promising practice for increasing engagement and understanding of the Core Indicators (re-visualization of state data)
4. **Budget Tracking & Expenditures Reporting** - a promising practice for managing expenses, connecting expenses to expected outcomes, and budgeting
5. **Chancellor's Office Updates**

NOVA Enhancements & Survey Administration

Tara Sanders
Program Manager, Workforce and Econ Dev.
Contra Costa CCD
tsanders@4cd.edu

The NOVA Effect...

We can all make NOVA better together!

Submit your ideas via the ticket feature to ProductOps.

Recent improvements include...

Napa Valley CCD - Perkins 1C Application (2024-25)

Budget Summary Total	Direct	Admin	Combined Budget
Total Budgets	\$227,472	\$3,465	\$230,937

Programs (Sec I-C)

TOP Codes and Titles to be Funded Including Across CTE Programs

TOP Codes

TOP Codes (*2-, 4-, and 6-digit)	Program Title	Budget Summary			Actions
		Direct	**Admin	Combined Budget	
061400 <u>Digital Media</u>	Digital Graphics & Animation	\$28,900	\$0	\$28,900	
4000 - Supplies and Materials		\$20,000	\$0	\$20,000	
6000 - Capital Outlay		\$8,900	\$0	\$8,900	
130630 <u>Culinary Arts</u>	Culinary Arts and Management	\$55,000	\$0	\$55,000	
093400 <u>Electronics and Electric Technology</u>	Electronics Technology	\$100,000	\$0	\$100,000	
1000 - Instructional Salaries		\$50,000	\$0	\$50,000	
3000 - Employee Benefits		\$15,000	\$0	\$15,000	
4000 - Supplies and Materials		\$20,000	\$0	\$20,000	
5000 - Other Operating Expenses and Services		\$15,000	\$0	\$15,000	
210500 <u>Administration of Justice</u>	Administration of Justice	\$25,000	\$0	\$25,000	
Total TOP Code Expenditures by College		\$208,900	\$0	\$208,900	

Object Code Budget Summary Updates:

*A “carrot” has been added next to the program name on the left. You can toggle the display of the object code budget summary for the TOP code. You may expand more than one at a time so you can compare between TOP codes.

*The Program name associated with the TOP code is now displayed in the tabs.

Core Indicators (Sec I-E)

Certification Form for College Core Indicator Information by TOP

Is core indicator information available for TOP Code 061400 Digital Media?

☒ Yes

☐ No

Review core indicator report by TOP Code and total each positive, negative, N/R or N/A outcome in the last column of the College Core Indicator report. I certify that performance in the Core Indicator categories is as follows:

How many Core Indicators are at or above the State negotiated level(s)? *

How many Core Indicators are below the State negotiated level(s)? *

How many Core Indicators are listed as N/R or N/A? *

Reminder: The College must retain in audit files a paper copy of Section I Part F titles "College Core Indicator information by TOP" signed by the Department Chair (or authorized Designee) for each funded TOP Code.

Program Name Display:

The program name is now displayed on the tab along with the TOP code, and also in the application location AKA breadcrumbs under the name of the application in the top header.

Survey Administration

The background is a solid teal color. On the right side, there are several decorative elements: a large, faint pie chart with three segments, and several smaller, semi-transparent pie charts of varying sizes. In the bottom right corner, there is a faint bar chart with four vertical bars of increasing height.

Quiz Time!

Having accurate and strong survey responses is important because...?

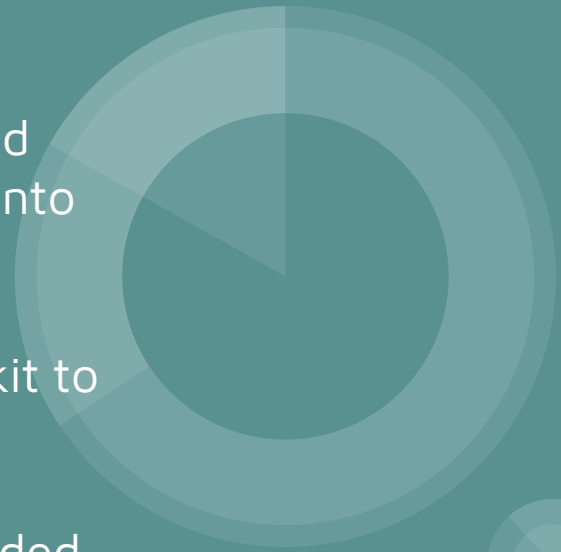

Survey Administration Overview:

- *4CD Uses Evalkit to administer the Survey. Evalkit is also used for faculty evaluations. The surveys are separate projects without overlap.
- *A pre-notification email is sent to all students with survey background information.
- *The survey launches before class begins to give students extra time.
- *The survey is connected to canvas and appears in the students' dashboard.
- *Reminder emails are sent via canvas weekly, increasing in frequency at the end of the term.

Process:

- *The Perkins managers verify the provided CE course lists, which are then imported into Evalkit.
- *The survey is “refreshed” weekly in Evalkit to capture late adds.
- *Late start courses are verified and uploaded into Evalkit six weeks after the term begins.
- *The results are formatted for MIS upload and stored in the SIS for the MIS administrator.
- *This process is repeated each term.

Helpful Tips:

*It takes time to build the survey, upload the student information and refresh weekly. Make this one person's responsibility with documented instructions. This will save time overall.

*Prepare and send pre-set students communications to faculty that encourage survey participation.

*Meet with the MIS administrator annually to ensure if any changes to the survey are needed. Make sure the survey makes sense to the readers.

*Update the student communications as needed. Make this a part of your process.

Perkins V Core Indicators Dashboard

Qingai “Sunny” Xu
CTE Research Expert
San Diego CCD
gxu@sdccd.edu

What is Perkins V Core Indicator Reports?

- Primary Formal Accountability Tool
- Required for:
 - Annual Perkins Application
 - Comprehensive Local Needs Assessment (CLNA)
- Each project should connect to a core indicator for one or more special populations
 - Programs need to articulate how the work they are proposing will close the gap

You are here : Core Indicator Reports/Forms

Perkins Core Indicators Dashboard

Goal: Increasing understanding, engagement of the Perkins V Core Indicator Reports

Limitations & Next Steps

- **Limitation : Data is manually downloaded**
 - Downloading data for 3 colleges from FY 2020-2021 to FY 2024-2025 (693 Files): **6 hours**
- **Next Step : Automate Core Indicator Data Collection**
 - Automate the downloading and scraping of Core Indicator Reports
 - 6 hours vs. Less than 10 minutes
 - **Why?**
 - Reduce manual work, ensuring timely and accurate data collection

Limitations & Next Steps

- **Limitation : Three-year Data Lag**

- Data is often too outdated to inform timely local application decisions

Fiscal Year	MIS Data Source
2024-25	2021-22
2023-24	2020-21
2022-23	2019-20
2021-22	2018-19
2020-21	2017-18

- **Next Step : Develop a Local Core Indicator Dashboard**

- Provide real-time insights and trends.
 - Understanding Definitions and Data Sources

How to Replicate this Dashboard?

- **Step 1: Data Collection**

- Download all TOP 6 files from [Perkins Core Indicator Reports](#)
 - Select [Form 1 Part F by 6-Digit TOP Code - College](#)
- A Python Script to automate this process will be available soon

- **Step 2: Data Cleaning**

- Download the [Jupyter notebook](#) provided
- This can be easily applied to other colleges by replacing the folder path.

- **Step 3: Data Visualization**

- Example: [SDCCD Perkins Core Indicators Dashboard](#)
